Experience Guide

## SEQUOIA AND THE ADELAIDE HILLS

While being seemingly removed from the hustle and bustle of the world, Sequoia sits on the side of Mount Lofty, high above the Piccadilly Valley in the Adelaide Hills, a region currently being considered for UNESCO World Heritage status. The area's significance centres on its working agricultural (food and wine) landscapes, historic settlements, abundant wildlife, pure environment, continuing culture and practice.

Nowhere else in the world are there four world-class wine regions found within a 50-kilometre radius. These range from the alluvial plains of Langhorne Creek, to the maritime McLaren Vale, the cool climate Adelaide Hills and the high-altitude Eden Valley. The region is not only home to the largest surviving koala population, but it is also one with extensive Indigenous history. It is no wonder South Australians have kept the Adelaide Hills a secret for so long!

Mount Lofty temperatures are generally five to seven degrees cooler than the Adelaide Plains, some 700 metres lower

in altitude. In the past, this area was highly sought after by Adelaide's elite as a place to build their summer holiday homes. Today, summer continues to be much cooler than anywhere else in South Australia. During winter months, the Piccadilly Valley experiences more rainfall than Tasmania, with roaring fires creating a cosy retreat to hide away. Autumn is one of the most beautiful times to visit, with an array of colours, perfect for a picturesque stroll through the neighbouring botanic gardens. In spring, the hills come alive with new beginnings of native flora.

Within 20 minutes of Sequoia are the homes of many South Australian icons including Jurlique, Penfolds Magill Estate (the home of Grange), and a little further afield is R.M. Williams. There are also more than 200 cellar doors with whom we have arranged intimate behind-the-scenes experiences, curated exclusively for our guests.

Sequoia will connect you to the South Australia you never knew existed.

## LODGE WELCOME

Gather on the valley rim and listen to the fascinating stories of our region; from South Australia's local icons to the boutique and extraordinary. Our Lodge Welcome is a fantastic preface to what makes Sequoia and its surrounds so unique.

Your Host will personally escort you to our gathering place, beautifully positioned along the escarpment, where you will enjoy a glass of South Australian red during the winter months or our very own Sequoia sparkling during summertime, both perfectly paired with a selection of cheese handpicked from the Adelaide Hills. Meet fellow guests and interact in an intimate yet engaging environment facilitated by your Host. You will be invited to share your story, your motivation for visiting the region and what you are hoping to experience during your time at the lodge – all whilst having a laugh or two along the way.

Learn about the traditional custodians of the land and the significance of the Mount Lofty Ranges as a pivotal meeting place where important decisions were made many years ago; get a glimpse into the history of Mount Lofty Estate and Arthur Hardy.

Be introduced to the surrounding regions that are showcased in front of Sequoia – from the Barossa on the left of the valley through to the Adelaide Hills, McLaren Vale and the Coorong to the right. Uncover intimate stories of local icons including Jurlique and R.M. Williams – not to mention some of the best boutique and most memorable South Australian winemakers in the country.

Reconnect with nature and discover our resident wildlife. Understand Cleland's conservation efforts in the Mount Lofty Ranges, home to the largest surviving koala population. Discover hidden secrets along South Australia's 1200-kilometre Heysen Trail and explore the journeys of neighbouring artisans and artists including Nick Mount and Stephen Trebilcock. When weather conditions permit, a campfire will burn under the stars for you to relish. As the evening festivities come to an end, your Host will escort you back to your suite, the lounge or Hardy's Verandah Restaurant for dinner.

## INCLEMENT WEATHER

## ARTESIAN SPRING-FED HOT POOLS

The Kurna and Peramangk people believed that Mount Lofty was a source of life in the region and often share stories of Mount Lofty and Mount Bonython being the ears of Ngarno Yurrebella, the Creator Giant.

Deep beneath the grounds of Sequoia, ancient spring waters run through the mountain. Carving their way through the layers of sandstone, the spring waters break free at the earth's surface, feeding every tap on the estate, and filling our artesian spring-fed hot pools along the scenic rim.

A private changeroom, shower and locker space are available to store your belongings during your time of rejuvenation, with towels available for your convenience.

Book one of two private artesian spring-fed hot pools ranging between 35 and 42 degrees, for up to one hour of relaxation. Alternatively, our third hot pool is offered at a cooler temperature, and can be enjoyed at your leisure, shared alongside fellow guests.
